A Matter of Conviction Feb 18 2020 A racially charged murder pushes a mild-mannered district attorney to the brink in this gritty legal thriller by the author of the 87th Precinct series. After an intense heat wave, storms threaten to blanket New York City, and three boys walk across town with knives in their pockets and murder on their minds. They're tough kids in combat boots, crossing into Spanish Harlem to pick a fight. And when they see one of their intended victims, they surround him, draw their knives, and plunge their weapons into the poor boy's gut. The attackers flee, and blood pours down the victim's lifeless body, mingling with the sudden rain. But despite the showers, nothing will be able to extinguish the full-blown panic that threatens to set the city aflame. Prosecuting the case falls to Hank Bell, a Harlem-born district attorney with a solemn sense of civic duty. As the case threatens to unravel, Hank will be the only thing that stands between his city and blood-spattered anarchy. The inspiration for John Frankenheimer's classic film *The Young Savages*, this is a hard-eyed look at a city on the edge of chaos, written by a man who understood urban crime better than anyone else: legendary crime writer Ed McBain. *EP - Universal Harmonization Program* Dec 10 2021 **UNIVERSAL HARMONIZATION Part 3 - Embassy Peace Programs & Projects for the co-creation of unity and permanent peace on earth. The complete EMBASSY OF PEACE manual, by metaphysical author and researcher, Jasmuheen, combines the Luscious Lifestyles Program with its 8 point lifestyle plan for personal health & happiness, plus the Madonna Frequency Planetary Peace Program, and adds the Embassy's interdimensional Universal Harmonization Program. Designed to promote individual and global health and happiness, these programs also promote permanent peace and prepare earth en-mass to enter into higher paradigms. Parts 1, 2, & 3 cover lifestyle practices, world health and hunger issues plus extra-terrestrial realities, and more. This booklet covers Part 3** **UNIVERSAL HARMONIZATION PROGRAM with additional data added in 2010.** *Select Pleas in the Court of Admiralty ...* Nov 21 2022 **Crime, Gender and Social Order in Early Modern England** Sep 07 2021 An extended study of gender and crime in early modern England. It considers the ways in which criminal behaviour and perceptions of criminality were informed by ideas about gender and order, and explores their practical consequences for the men and women who were brought before the criminal courts. Dr Walker's innovative approach demonstrates that, contrary to received opinion, the law was often structured so as to make the treatment of women and men before the courts incommensurable. For the first time, early

modern criminality is explored in terms of masculinity as well as femininity. Illuminating the interactions between gender and other categories such as class and civil war have implications not merely for the historiography of crime but for the social history of early modern England as a whole. This study therefore goes beyond conventional studies, and challenges hitherto accepted views of social interaction in the period. *Atti parlamentari della Camera dei deputati discussioni* May 03 2021 **Guerra Combattuta in Italia Negli Anni 1848-49** Dec 22 2022 **Musica E Musicisti** Mar 01 2021 **Lettere Sirmiensi per servire alla storia della deportazione de'cittadini Cisalpini in Dalmazia ed Ungheria. Up-to-date information on technology and market trends arms you with the facts you need to establish yourself as a working photographer. **Transportation Systems Analysis and Assessment** May 15 2022 The transportation system is the backbone of any social and economic system, and is also a very complex system in which users, transport means, technologies, services, and infrastructures have to cooperate with each other to achieve common and unique goals. The aim of this book is to present a general overview on some of the main challenges that transportation planners and decision makers are faced with. The book addresses different topics that range from user's behavior to travel demand simulation, from supply chain to the railway infrastructure capacity, from traffic safety issues to Life Cycle Assessment, and to strategies to make the transportation system more sustainable. **Digitale d'autore** Mar 13 2022 Il volume parte da una ricognizione introduttiva sul rapporto tra scrittori e computer; dà una definizione degli archivi letterari nati digitalmente, fornisce alcuni esempi nel panorama internazionale e delinea una prima mappatura delle esperienze italiane, soffermandosi in particolare sul caso dell'archivio di Franco Fortini conservato all'Università degli Studi di Siena. Offre una

sintesi del primo progetto italiano dedicato al born-digital letterario, PAD - Pavia Archivi Digitali, analizzando i processi di acquisizione e gestione dei fondi, oggi conservati presso il Centro Manoscritti di Pavia. Propone infine un'analisi critica delle prime tre opere di Francesco Pecoraro alla luce dell'archivio digitale conservato a Pavia.

The EU's Role in Global Governance May 23 2020 For years the European Union has been looked on as a potential model for cosmopolitan governance, and enjoyed considerable influence on the global stage. The EU has a uniquely strong and legally binding mission statement to pursue international relations on a multilateral basis, founded on the progressive development of international law. The political vision was for the EU to export its values of the rule of law and sophisticated governance mechanisms to the international sphere. Globalization and the financial crisis have starkly illustrated the limits of this vision, and the EU's dependence on global forces partially beyond the control of traditional provinces of law. This book takes stock of the EU's role in global governance. It asks: to what extent can and does the EU shape and influence the on-going re-ordering of legal processes, principles, and institutions of global governance, in line with its optimistic mission statement? With this ambitious remit it covers the legal-institutional and substantive aspects

of global security, trade, environmental, financial, and social governance. Across these topics 23 contributors have taken the central question of the extent of the EU's influence on global governance, providing a broad view across the key areas as well as a detailed analysis of each. Through comparison and direct engagement with each other, the different chapters provide a distinctive contribution to legal scholarship on global governance, from a European perspective.

Romania during the World War I Era Jul 05 2021 One of the most dramatic periods in modern history, the World War I era also marked a turning point in Romanian history. Politics and Peasants in Interwar Romania Apr 14 2022 The volume discusses the integration of peasants into the nation building project of Greater Romania with a focus on social and cultural practices. Thus, it addresses one of the key questions of the new political system in post-imperial East Central and Southeast Europe. It advocates a shift from a multiple top-down perspective (capital - province, urban political elites - rural voters) to an analysis concentrating on regionally diverse rural societies with a special interest in the predominantly ethnic Romanian population.

Fighting for Water Jun 23 2020 In the wake of the global financial crisis, water services have come under renewed neoliberal assault across Europe. At the same time, the struggle against water privatization has continued to pick up pace; from the re-municipalization of water in Grenoble in 2000, to the United Nations declaration of water as a human right in 2010. In *Fighting for Water*, Andreas Bieler draws on years of extensive fieldwork to dissect the underlying dynamics of the struggle for public water in Europe. By analysing the successful referendum against water privatization in Italy, the European Citizens' Initiative on 'Water and Sanitation are a Human Right', the struggles against water privatization in Greece and water charges in Ireland, Bieler shows why water has been a fruitful arena for resistance against neoliberal restructuring.
