International History Apr 12 2022 International History: A Cultural Approach offers an innovative history of modern international relations that stresses cultural themes. In place of the usual focus on great-power rivalries, diplomatic

negotiations, military conflict, and other phenomena in which sovereign nations are the key players, this book focuses on intercultural relations as individuals, races, religions, and non-state actors interact across national boundaries, to provide a fresh perspective on modern international history. Among the themes covered are: - Nationalism and cosmopolitanism - Migration - Cross-cultural encounters - Consumerism and youth cultures - Environmental transformations - Economic and technological globalization Akira Iriye and Petra Goedde's approach offers a deeper understanding of international history, focusing on people and their cultures rather than just state level interactions.

Hollywood and the Law Mar 11 2022 Since the earliest days of cinema the law has influenced the conditions in which Hollywood films are made, sold, circulated or presented - from the talent contracts that enable a film to go into production, to the copyright laws that govern its distribution and the censorship laws that may block exhibition. Equally, Hollywood has left its own impression on the American legal system by lobbying to expand the duration of copyright, providing a highly visible stage for contract disputes and representing the legal system on screen. In this comprehensive collection, international experts offer chapters on key topics, including copyright, trademark, piracy, antitrust, censorship, international exhibition, contracts, labour and tax. Drawing on historical and contemporary case studies, *Hollywood and the Law* provides readers with a wide range of perspectives on how legal frameworks shape the culture and commerce of popular film.

Dr. Seuss Goes to War Jan 21 2023 "A fascinating collection" of wartime cartoons from the beloved children's author and illustrator (The New York Times Book Review). For decades, readers throughout the world have enjoyed the marvelous stories and illustrations of Theodor Seuss Geisel, better known as Dr. Seuss. But few know the work Geisel did as a political cartoonist during World War II, for the New York daily newspaper PM. In these extraordinarily trenchant cartoons, Geisel presents "a provocative history of wartime politics" (Entertainment Weekly). Dr. Seuss Goes to War features handsome, large-format reproductions of more than two hundred of Geisel's cartoons, alongside "insightful" commentary by the historian Richard H. Minear that places them in the context of the national climate they reflect (Booklist). Pulitzer Prize-winner Art Spiegelman's introduction places Seuss firmly in the pantheon of the leading political cartoonists of our time. "A shocker-this cat is not in the hat!" -Studs Terkel

Internet-based Workplace Communications Feb 10 2022 The essays in this collection advance the project of articulating online workplaces as real and significant, as complex networks of relations that we need to take seriously. The emergent culture of networked communication poses many interesting challenges for researchers, teachers, and writers. In an emergent culture, even the terminologies we use to identify the subject are contested, making it difficult to agree on what we're writing about in the first place, not to mention our reasons for studying it or how we might best meet the challenges it poses.

The Art of Scenic Design Sep 05 2021 How do you navigate a career as an entertainment designer while maintaining a sense of self-worth and value in the various off-ramps and sidestreets you may choose to take on the journey? *The Art of Scenic Design* provides an in-depth look at the scenic design process for young designers as well as creative entrepreneurs seeking to nurture a collaborative environment that leads to rediscovery and innovation in their work. Based on his 30 years of experience in stage design, exhibit design, art direction for film, and theme park and industrial design, Robert Mark Morgan demonstrates that while a design process for creating these types of works can seem like niche professions, the lessons learned in collaboration, testing and re-testing ideas, prototyping concepts, overcoming fears, venturing guesses, divergent thinking, and the creative process in general are applicable - and valuable - in nearly all disciplines and professions both inside and outside of the entertainment industry. In *The Art of Scenic Design: A Practical Guide to the Creative Process* you will follow an accomplished designer on a narrative of the theatrical design process from early phases of a design with a creative team encompassing visual research, idea-making, and collaborative relationships, to sketching, prototyping, and testing ideas, through to the execution and manifestation of the design with a team of artists and collaborators. The design journey is contextualized with backstage stories of "what if?" moments, provocative discussions, and lessons that are indispensable to your professional development.

The Bloomsbury Handbook of Contemporary American Poetry Jan 09 2022 With chapters written by leading scholars such as Steven Gould Axelrod, Cary Nelson, Aldon Lynn Nielsen and Marjorie Perloff, this comprehensive Handbook explores the full range and diversity of poetry and criticism in 21st-century America. *The Bloomsbury Handbook of Contemporary American Poetry* covers such topics as: · Major histories and genealogies of post-war poetry - from the language poets and the Black Arts Movement to New York school and the Beats · Poetry, identity and community - from African American, Chicana/o and Native American poetry to Queer verse and the poetics of disability · Key genres and forms - including digital, visual, documentary and children's poetry · Central critical themes - economics, publishing, popular

culture, ecopoetics, translation and biography The book also includes an interview section in which major contemporary poets such as Rae Armantrout, Charles Bernstein and Claudia Rankine reflect on the craft and value of poetry today.

What is American Literature? Jul 23 2020 An incisive, thought-provoking, and timely meditation, at once panoramic and synoptic, on American literature for an age of xenophobia, heightened nationalism, and economic disparity. The distinguished cultural critic Ilan Stavans explores the nation's identity through the prism of its books, from the indigenous past to the early settlers, the colonial period, the age of independence, its ascendance as a global power, and its shallow, fracturing response to the COVID-19 pandemic. The central motives that make the United States a flawed experiment—its celebration of do-it-yourself individualism, its purported exceptionalism, and its constitutional government based on checks and balances—are explored through canonical works like Mark Twain's *The Adventures of Huckleberry Finn*, Walt Whitman's *Leaves of Grass*, Emily Dickinson's poetry, F. Scott Fitzgerald's *The Great Gatsby*, the work of Langston Hughes, Zora Neale Hurston, and Toni Morrison, and immigrant voices such as those of Américo Paredes, Henry Roth, Saul Bellow, Isaac Bashevis Singer, Jhumpa Lahiri, and others. This is literary criticism at its best—informed: broad-ranged yet pungent and uncompromising.

Children's Rights Education in Diverse Classrooms Nov 07 2021 With PISA tables, accountability, and performance management pulling educators in one direction, and the understanding that education is a social process embedded in cultural contexts, tailored to meet the needs and challenges of individuals and communities in another, it is easy to end up in seeing teachers as positioned as opponents to the 'system'. Jerome and Starkey argue that the United Nations Convention on the Rights of the Child (UNCRC, 1989) can provide a pragmatic starting point for educators to challenge some of these unsettling trends in a way which does not set up unnecessary opposition with policy-makers. They review the evidence from international evaluations, surveys and case studies about practice in human rights and child right

education before exploring the key principles of transformative and experiential education to offer a robust theoretical framework that can guide the development of child rights education. They also draw out practical implications and outline a series of teaching and learning approaches that are values informed, aligned with children's rights and focused on quality learning.

Critical Zones Sep 24 2020 Artists and writers portray the disorientation of a world facing climate change. This monumental volume, drawn from a 2020 exhibition at the ZKM Center for Art and Media, portrays the disorientation of life in world facing climate change. It traces this disorientation to the disconnection between two different definitions of the land on which modernizing humans live: the sovereign nation from which they derive their rights, and another one, hidden, from which they gain their wealth—the land they live on, and the land they live from. Charting the land they will inhabit, they find not a globe, not the iconic “blue marble,” but a series of critical zones—patchy, heterogenous, discontinuous. With short pieces, longer essays, and more than 500 illustrations, the contributors explore the new landscape on which it may be possible for humans to land—what it means to be “on Earth,” whether the critical zone, the Gaia, or the terrestrial. They consider geopolitical conflicts and tools redesigned for the new “geopolitics of life forms.” The “thought exhibition” described in this book can open a fictional space to explore the new climate regime; the rest of the story is unknown. Contributors include Dipesh Chakrabarty, Pierre Charbonnier, Emanuele Coccia, Vinciane Despret, Jérôme Gaillarde, Donna Haraway, Joseph Leo Koerner, Timothy Lenton, Richard Powers, Simon Schaffer, Isabelle Stengers, Bronislaw Szerszynski, Jan A. Zalasiewicz, Siegfried Zielinski Copublished with ZKM | Center for Art and Media Karlsruhe

Post-Millennial Gothic Dec 08 2021 Surveying the widespread appropriations of the Gothic in contemporary literature and culture, *Post-Millennial Gothic* shows contemporary Gothic is often romantic, funny and celebratory. Reading a wide range of popular texts, from Stephenie Meyer's *Twilight* series through Tim Burton's Gothic film adaptations of *Sweeney Todd*, *Alice in Wonderland* and *Dark Shadows*, to the appearance of Gothic in fashion, advertising and television, Catherine Spooner argues that conventional academic and media accounts of Gothic culture

have overlooked this celebratory strain of 'Happy Gothic'. Identifying a shift in subcultural sensibilities following media coverage of the Columbine shootings, Spooner suggests that changing perceptions of Goth subculture have shaped the development of 21st-century Gothic. Reading these contemporary trends back into their sources, Spooner also explores how they serve to highlight previously neglected strands of comedy and romance in earlier Gothic literature.

De paardenjongen Mar 19 2020 De paardenjongen, het verhaal dat niemand onberoerd laat Als Rowan tweeënhalft jaar is, wordt de diagnose gesteld dat hij autistisch is. De wereld van zijn vader Rupert Isaacson en zijn moeder Kristin stort in. Rowan lijdt aan spastische aanvallen en is onhandelbaar. Binnen korte tijd verliezen de ouders al het contact met hem. Op een dag kruipt Rowan tijdens een wandeling door een afrastering. Opgetogen lachend laat hij zich op zijn rug op de grond vallen, pal voor een grote merrie. Rupert weet als paardentrainer dat de situatie levensgevaarlijk is: één verkeerde beweging kan de merrie doen schrikken en Rowan wordt vertrapt. Wat er dan gebeurt is even bijzonder als ongelooflijk De paardenjongen is het unieke en hartverwarmende verhaal van Rupert en zijn zoon Rowan, die samen de therapeutische kracht van paarden ontdekken. Ze ondernemen een reis door Mongolië, de enig overgebleven plek ter wereld waar nomadenstammen volgens oude rituelen samenleven met paarden. Het wordt een reis die het uiterste vergt van het gezin en hun relatie met elkaar danig op de proef stelt, maar die hun levens ook voorgoed zal veranderen.

Praise for From Alchemy to Chemistry in Picture and Story "The timeline from alchemy to chemistry contains some of the most mystifying ideas and images that humans have ever devised. Arthur Greenberg shows us this wonderful world in a unique and highly readable book." -Dr. John Emsley, author of The Elements of Murder: A History of Poison "Art Greenberg takes us, through text and lovingly selected images, on a 'magical mystery tour' of the chemical universe. No matter what page you open, there is a chemical story worth telling." -Dr. Roald Hoffmann, Nobel Laureate and coauthor of Chemistry Imagined "Chemistry has perhaps the most intricate, most fascinating, and certainly most romantic history of all the sciences. Arthur Greenberg's essays-

delightful, learned, quirky, highly personal, and richly illustrated with contemporary drawings (many of great rarity and beauty)-provide a kaleidoscope of intellectual landscapes, bringing the experiments, the ideas, and the human figures of chemistry's past intensely alive." -Dr. Oliver Sacks, author of *Awakenings From Alchemy to Chemistry in Picture and Story* takes you on an illustrated tour of chemistry's fascinating history, from its early focus on the spiritual relationship between man and nature to some of today's most cutting-edge applications. Drawing from rare publications and artwork that span over five centuries, the book contains nearly 200 essays and over 350 illustrations-including 24 in full color-that tell the engaging story of the development of this fundamental science and its connection with human history. Join Arthur Greenberg as he combines the "best of the best" from his previous works (as well as several new essays) to paint a colorful picture of chemistry's remarkable origins!

Teddy Roosevelt Was a Moose? (Wait! What?) Sep 17 2022 From the best-selling author of *My Weird School*: a new entry in the offbeat and engaging biography series that casts fresh light on high-interest historic figures. Did you know that Theodore Roosevelt was shot before a rally, and went on to give his speech with the bullet in his chest? Or that he skinny-dipped in the Potomac River? Bet you didn't know that he had a zebra, a lion, and a one-legged rooster at the White House! Siblings Paige and Turner have collected some of the most unusual and surprising facts about the larger-than-life president, from his childhood and his *Rough Rider* days to his rise to politics and his complicated presidential legacy. Narrated by the two spirited siblings and animated by Allison Steinfeld's upbeat illustrations, *Teddy Roosevelt* is an authoritative, accessible, and one-of-a-kind biography infused with Dan Gutman's signature zany sense of humor.

Zielsgeheim May 21 2020 Zeer beklemmende, originele thriller waarin de fascinatie van een jonge politieagente voor Jack the Ripper haar duur komt te staan... Ondanks haar fascinatie voor de negentiende-eeuwse seriemoordenaar Jack the Ripper heeft de jonge Londense politieagente Lacey Flint nog nooit aan een moordonderzoek gewerkt. Totdat er op een avond een vrouw hevig bloedend door messteken over Lacey's auto leunt, in haar armen valt en sterft. Als getuige moet Lacey een gepaste afstand tot de moordzaak houden, maar wanneer ze via een journaliste een

brief ontvangt waarin een verwijzing naar Jack the Ripper en naar Lacey staat, blijkt dat onmogelijk. Is er een copycat killer aan het werk? Lacey weet als geen ander dat er volgens het patroon van de negentiende-eeuwse moorden nog meer slachtoffers gaan vallen. En zij kan weleens de volgende zijn...

The Soul Reader Aug 04 2021 Souls are sacred to the human experience. We talk about saving our soul, selling our soul, or how one is soulless. The biological microchip holding the essence of who we are, and if seen, can expose truths a person may not even want to know. For Claire Lawrence, the soul is a blueprint. Colors glowing inside and through the body culminating at the center explaining the structure of owner. Over the years, she'd learned the base color is a better guide than the shade. Her blessing as a soul reader has her commonly tasked to looking and weighing the good from the evil. Her purpose is to protect those of Satori from one's whose soul has been corrupted. Holding out for a rescue, Claire is forced to find her own way in a world turned upside down, in a time before women had rights. Her soul, torn from her body and transported back decades before she was born. Lost and stumbling, in a world both familiar and backwards, until she recognizes a few a familiar elders caught in their own nightmares. Can the elders help get her home? Will they even want to help, or are they as lost as she is? The truth is in front of her if only she can let go of what she knows and open her eyes to see it. With muddled messages and no clear path, can Claire find a way to cross the bridge of time to make her way home again? Or will both her body and soul expire before they can be reunited?

Conquest of Paradise Jun 14 2022 September 11th, 2001 marks the beginning of a world-wide war on terror. Unbeknownst to the

citizens of the Western Powers, their governments are working on a modern-day Manhattan Project to create a weapon so potent, it will defeat the terrorists of the world once and for all. In an era when the very survival of liberty and the global economic system are daily threatened by weapons of mass destruction, the Western democracies ardently push the limits of the known universe to unleash a weapon of unrivaled omnipotence a self-replicating assembler. Amidst these troubled times, a god-like figure rises to power. As leader of the newly created United Europe, Raphael Vicente sets out on a bold quest to exterminate disease, eliminate poverty, and destroy the world's oppressors. The ascendance of this new breakthrough technology sets the stage for realizing his dream a world entrenched in democratic social justice for all peoples of the world. But in Raphael's world of black and white, the dream of eradicating injustice proves to be a formidable task, and in the end, man's elusive pursuit of perfection drives him to the edge of never-before imagined consequences. decisions must be made, and they leave the world teetering on the brink of annihilation
