Volume 54 Sermons 3073-3124 Charles Spurgeon (19 June 1834 - 31 January 1892) is one of the church's most famous preachers and Christianity's foremost prolific writers. Called the "Prince of Preachers," he was one of England's most notable ministers for most of the second half of the nineteenth century, and he still remains highly influential among Christians of different denominations today. His sermons have spread all over the world, and his many printed works have been cherished classics for decades. In his lifetime, Spurgeon preached to more than 10 million people, often up to ten times each week. He was the pastor of the congregation of the New Park Street Chapel (later the Metropolitan Tabernacle) in London for 38 years. He was an inexhaustible author of various kinds of works including sermons, commentaries, an autobiography, as well as books on prayer, devotionals, magazines, poetry, hymns and more. Spurgeon was known to produce powerful sermons of penetrating thought and divine inspiration, and his oratory and writing skills held his audiences spellbound. Many Christians have discovered Spurgeon's messages to be among the best in Christian literature. Edward Walford wrote in *Old and New London: Volume 6 (1878)* quoting an article from the Times regarding one of Spurgeon's meetings at Surrey: "Fancy a congregation consisting of 10,000 souls, streaming into the hall, mounting the galleries, humming, buzzing, and swarming—a mighty hive of bees—eager to secure at first the best places, and, at last, any place at all. After waiting more than half an hour—for if you wish to have a seat you must be there at least that space of time in advance—Mr. Spurgeon ascended his tribune. To the hum, and rush, and trampling of men, succeeded a low, concentrated thrill and murmur of devotion, which seemed to run at once, like an electric current, through the breast of every one present, and by this magnetic chain the preacher held us fast bound for about two hours. It is not my purpose to give a summary of his discourse. It is enough to say of his voice, that its power and volume are sufficient to reach every one in that vast assembly; of his language, that it is neither high-flown nor homely; of his style, that it is at times familiar, at times declamatory, but always happy, and often eloquent; of his doctrine, that neither the 'Calvinist' nor the 'Baptist' appears in the forefront of the battle which is waged by Mr. Spurgeon with relentless animosity, and with Gospel weapons, against irreligion, cant, hypocrisy, pride, and those secret bosom-sins which so easily beset a man in daily life; and to sum up all in a word, it is enough to say of the man himself, that he impresses you with a perfect conviction of his sincerity." More than a hundred years after his death, Charles Spurgeon's legacy continues to effectively inspire the church around the world. For this reason, Delmarva Publications has chosen to publish the complete works of Charles Spurgeon. \*\*Buy the Paperback version of this book and get the Kindle eBook version included for FREE\*\* If you would like to discover the therapeutic pleasure of growing beautiful, robust and healthy bonsai trees, then this is the last guide you'll ever purchase. With well over 200 million copies sold and opening and closing lines that are among the most familiar in all of literature, *A Tale of Two Cities* (1859) is one of the best known and most widely-read books in all of literary fiction. Set against the backdrop of the French Revolution, the novel depicts the suffering of the French peasantry at the hands of the aristocracy and the subsequent abuses and brutality of the revolutionaries. Dickens, ever the social critic, manages to draw parallels to English society, and especially the stratified society of London, while creating his hallmark complex characters and compelling story. It has been remarked that Sydney Carton, a dissolute and disillusioned London barrister, is nonetheless the only protagonist in any of Dickens' major works who is, in the classical sense, heroic. While following several characters, the central plot revolves around Carton, Charles Darnay, a virtuous French aristocrat who falls prey to the wide-ranging and unreasoning fury of the

Revolution, and Darnay's wife. Born in Portsmouth England on February 7, 1812, Charles Dickens enjoyed a comfortable childhood until his father lost his post at the Navy Pay Office and ultimately landed in debtors' prison. Charles embarked upon an horrific stint pasting labels on jars of bootblack in a rat-infested slum while living in an attic. Teaching himself shorthand, he would later find work as a newspaper reporter and writer, covering the courts. These experiences, with his almost photographic memory, provided him with material for the colorful characters and vivid depictions of life in England which characterized his work for decades. The publication of *The Pickwick Papers* in serial form in 1836 brought Dickens success. Within a few years he became an international literary celebrity. Ultimately he would become the foremost novelist of the Victorian era and one of the most widely read writers in history. His books have never gone out of print, have been turned into films and plays, and are still widely read today. Along with compelling storylines and unforgettable characters, Dickens' stories served as vehicles for social commentary, often harshly critical of class stratification and public institutions. In particular, and contrary to prevailing views, Dickens championed the poor, whom he saw as wretched not because of their own weaknesses and moral failures but because of their helplessness before society's attitudes and institutions. And yet Dickens managed throughout to maintain a humorous element, and satire and caricature fill the pages of his works. Dickens died on June 9, 1870, following a stroke. Given the body of work he left behind, it is striking to note that Charles Dickens was just 58 years old at his death.
