God's Grace and Human Action Dec 16 2019 Offering a fresh approach to one significant aspect of the soteriology of Thomas Aquinas, God's Grace and Human Action brings new scholarship and insights to the issue of merit in Aquinas's theology. Through a careful historical analysis, Joseph P. Wawrykow delineates the precise function of merit in Aquinas's account of salvation. Wawrykow accounts for the changes in Thomas's teaching on merit from the early Scriptum on the Sentences of Peter Lombard to the later Summa theologiae in two ways. First, he demonstrates how the teaching of the Summa theologiae discloses the impact of Thomas's profound encounter with the later writings of Augustine on predestination and grace. Second, Wawrykow notes the implications of Thomas's mature theological judgment that merit is best understood in the context of the plan of divine wisdom. The portrayal of merit in sapiential terms in the Summa permits Thomas to insist that the attainment of salvation through merit testifies not only to the dignity of the human person but even more to the goodness of God.

In Dreams: The Nightmare King Oct 14 2019 "I recognize you, little one. You venture into my kingdom often at night. Do you remember of what you dream?" The voice was mocking, with a hard edge of menace. Disjointed images ran through my head from my dreams. "You should know better than these others of what you face here." Eight feet above the ground a man's face had appeared. He leered, hard eyes and a cruel smile forming from the dark. A heavy foot caused the shadows to scatter at his feet as he stepped forwards. Another step forward and his other leg appeared, along with a beard and short haircut. He swung his newly formed arms wide, shadows still clinging to them in tattered rags. "For the rest of you, allow me to introduce the citizens of my kingdom." He glowered. Most of our group took a step back. "These are your fears, they are your forgotten, they are your dead, they are your Nightmares, and I am their KING!" He proclaimed and the rest of the shadows solidified around his form, creating a loose black shirt, matching pants and a high pointed crown. "Go, find the artifact! Let no man stand in your way." He bellowed to the assembled creatures with a smirk. "And mow these fools down if you must as you go." Sometimes I have nightmares. Sometimes those nightmares are real. Sometimes they're warnings. Fall into a world where anxiety becomes a super power, the main characters are perfectly flawed humans, nightmares are real, and the dead come back for revenge lead by the King of Nightmares
